the Venezuelan Question. WASHINGTON, Dec. 12.-Representative De Armond, of Missouri, offered a resolution in the House to-day requesting the secretary of state to inform the House of the nature and extent of the claims of thanks are due to the United States for Great Britain against Venezuela; whether its resolute protection through Minister the claims are disputed by Venezuela and at Caracas. Throughout the official press ation he said: "The United States has not what effort, if any, and by whom, has been made to settle peaceably by arbitration or otherwise the matters subject of controversy and with what result, if any, with full particulars. The secretary of state also is asked as to what part the United States has taken, if any, in the controversy, and whom, if any, of the officers of the United States have been consulted by any of the parties to the controversy, and in regard to what matter and with what Further inquiry is made of the State Department as to what has been said or done by the United States with relation to the Monroe doctrine and its due and respectful observance in the transactions Britain and Germany, Senor Schetborgh, with reference to the British and German claims against Venezuela, and to what extent the United States has been consulted or conferred with as to the substance or of the Venezuelan government in London application or applicability of the Monroe doctrine, and with what result, and, further, what has been done by this government to insure respect for that doctrine, together with any results of such action. The secretary is asked further to inform the House whether, in his judgment, the United States can by a firm assertion of the Monroe doctrine bring about, or aid in bringing about, a peaceful and fair adjustment of the disputes between the nations involved so as to have fully respected the gard to the methods adopted by Venezuela reserve the governmental and territorial integrity and independence of Venezuela. Consul Schetborgh's Statement Financial Negotiations.

LONDON, Dec. 12 .- As a result of the announcement that Venezuela has asked United States Minister Bowen to act as arbitrator in the controversy with Great Venezuelan consul here, to-night made a statement. He is the only representative and he has been acting in concert with the members of President Castro's secret delegations whose actions in Rome, Paris, Amsterdam and London would form, in the event of arbitration an important part in Venezuela's case. Senor Schetborgh said: "There being no

longer any necessity of secrecy with reagainst that country, the following facts may be published: About six months ago President Castro sent special envoys to to try and arrive at a basis of agreement London was instructed to associate himself with me; the other envoys were en-France and Italy. "In conjunction with this plan, an international bank under European control was to be established and interest on the loan was to be guaranteed by the customs. Fiscal agents appointed by this bank were to be installed in all custom houses and were themselves to collect the interest on the loan. The British and German creditors of Venezuela must eventually rely upon some francial arrangement as the only method

of getting their money." DISCLAIMS RESPONSIBILITY.

British Government Disavows the

Sinking of a Venezuelan Ship. LONDON, Dec. 12 .- The Foreign Office announces that the British government disclaims responsibility for the sinking of the Venezuelan vessels off Laguayra, which it entirely attributes to the German forces. It is undestood that nearly all of the Venezuelan news which the British goverament gets comes through the State Department at Washington, and is based on Minister Bowen's messages. The Foreign Office here, so far, however, has received no trace of the reply to the demands of Great Britain and Germany which Venezuela is reported to have transmitted to *0.23 those powers through the United States -5.94 consul at Laguayra, though it has offireceived a copy of President Castro's

proclamation. The Foreign Office has published two of Minister Bowen's dispatches which were communicated by the State Department at Washington to Ambassador Herbert, and which were received by the Foreign Office last night. Those dispatches relate to the attack upon the German legation at Caracas, and give Mr. Bowen's steps to ob-44 tain the release of the fifty-four German and British subjects arrested in Caracas, and the announcement that all the persons

apprehended had been released. Mr. Bowen's first telegram is dated Caracas, Dec. 10, and is as follows: "The German legation was attacked last night by 30 a mob. I went at once to the Governor and obtained police protection for the German and British legations and the promise that no further attacks by mobs would be made. I visited the police station this morning and talked with all the prisoners, who number fifty-four in all-forty-four German and ten British. Some of these prisoners were so poor that I had to give them money to buy food, and four of them were ill. I expect to get them liberated within an hour. All British and German subjects in Venezuela, I understand, were arrested last evening. I shall see the President and urge him to release them

The second dispatch is dated Caracas, Dec. 11, and says: "The President Informs me that he has released all the German and British subjects who were arrested."

The large attendance at last night's polo different European cities intrusted with a confidential mission having for its object to ascertain the state of feeling of the foreign olisolis and Richmond, which was won by creditors of the Venezuelan Republic and Indianapolis by a score of 11 to 4, demonstrated that the sport will be a popular one for the consolidation and unification of all strated that the sport will be a popular one Venezuela's foreign debt, including the in Indianapolis. The men who a suggested plan of settlement was ar- are to become interested in the scheme were present at the game and decided to reorganize at once and secure a new location where the games can be played. The polo club and franchise is now owned by A. B. Cohen, H. B. Hornaday and a Muncie man. C. G. Fisher, Charles B. Sommers and one or two other men will become interested in the sport, and, together with the old company form a new corporation to control the game in this city. Mr. Fisher stated last night that his lease on the Cyclorama building stipulates that a ninety days' notice must be given before he can be compelled to move. He says he has received no notice to vacate the building and s now willing to sublease to the polo club. It is claimed the building will be fitted up at once with amphitheater seats and decorations so that games can be played there inside of three, and possibly two weeks. The company desires to use the Cyclorama for about ninety days and expects to erect a building during the summer where games

can be played next season. Aside from the fact that Umpire Moran tried hard to favor the Richmond team in last night's contest the Indianapolis players completely outclassed the team that has been heralded as the Western polo cnampions. The score was a decisive one. Ail of the five Indianapolis players did their share of the work to earn a victory, but the driving of Hipson and Gavitt created the most excitement. Coggshall also did some good driving and scored three of the goals. The defensive work of Way was superb. The team work of Hipson and Gavitt, in which Way and Coggshall also figured at times, won the admiration of the crowd and

did much to land a victory. The first period ended in a tie, both teams scoring a goal. There was much excitement when Gavitt scored the first goal in 8:30. The play was very fast during the first period. Richmond did not play so fast in the second period and Indianapolis scored three goals. The third goal in the second period was made by Hipson in four seconds. He won the rush, knocked the ball to the side and then drove it into the cage. Richmond was easy in the third period, and Indianapolis made goals rapidly, Hipson, Gavit and Coggshall driving the ball into the case. Cunningham and Haughton played the best game for the visitors. President Cleveland Ignored Reports -A Funston Incident.

NEW YORK, Dec. 12.-General Fitzhugh Lee addressed the members of the Patria Club to-night on "The United States and Cuba." He said in part: "Congress wearied of the wars in Cuba and passed resolutions recognizing the right of belligerency of the revolutionists. Then came the war. want to say that I reported to President Cleveland the exact condition of affairs that existed there. "Prior to the war with Spain, when I was consul general in Cuba, there were repeated attempts to assassinate me. Wherever I went I had to sit with my back to the wall and my hand on my 'sixgame from the Ko-We-Bas by a score of shooter.' I received twenty and thirty letters a day in which I was threatened with all manner of deaths. One day a man came of 252, which he piled up in the first game, into my office with the purpose, as I been fitted to the four double centuries the | thought, of killing me. The I asked him what he wanted, and, to my surprise, he said, in English: 'I have just come from General Gomez's camp, suffering from a wound in the thigh. I want to leave Cuba. I want to go back to the United States.' I asked him where he came from, and he said, in the drawliest kind of way, 'From Kansas.' That man was Gen. Frederick Funston. So you see I had much to do with the later capture of Aguinaldo.'

QUEER CASE IN MISSOURI.

Judicial Nomination Staked Against \$1,375 in Game of Cards.

JEFFERSON CITY, Mo., Dec. 12.-Judge Burgess, of the Supreme Court, to-day, at the relation of Attorney General Crewe, issued a writ of ouster against Judge Burkhead, of Douglass county, to compel him to show cause why he is entitled to hold the office of circuit judge of the Twentyfirst district. The Supreme Court will be asked to determine whether it is a violation of the corrupt-practice statute to secure a nomination by a game of cards, in which the judgeship nomination and \$1,375 were the stakes.

Burkhead, Republican, defeated George W. Thornberry, Democrat. Thornberry contested the election, alleging that Burkhead and Ernest Bronson were Republican candidates for the judgeship, that the men agreed to play a game of cards to see who should have the nomination, and against the nomination a sum of \$1,375 was wagered.
Bronson won, but, it is alleged, he threw
his vote to Burkhead in consideration of the financial stake. The defeated Demo-crat seeks to prove that Burkhead spent more money than stated in his return as

TRADE, INDUSTRY, LABOR.

The Maumee Valley Railway and Light Company was organized at Toledo yesterday with a capitalization of \$1,000,000 for the purpose of taking over the Toledo & Maumee Valley Railroad and the Toledo,

Waterville & Southern Railway. The withdrawals from the savings bank continues, says a Paris dispatch. In the last ten days they have amounted to \$2,-000,000 as against \$500,000 deposited in the banks. Since the beginning of the year the withdrawals have exceeded the deposits by \$25,800,006.

The St. Joseph (Mo.) Gazette says: "The town of Florence is to be erased from the map and a large industry will be estab-lished there involving millions of dollars and employing hundreds of men, according to a well-founded report. Options on every lot have been secured, which stipulate for possession on April 1. Florence which is a suburb of St. Joseph, consists of about 500 lots and has 400 houses."

The Canadian Pacific Railroad, it is said, will build a large fleet of modern carriers which will put the line on an equality with the Lehigh, the Great Northern and other big lines as far as the advantages of lake transportation are concerned. The company may also build a line of passenger boats. With this end in view the road will back up the Bertrams, the well-known shipbuilders of Toronto, in starting a plant that will cost over \$1,000,000 and will be a completely equipped ship, boiler and en-gine building plant with drydock and all facilities for repair work. The favored site for the plant is Sandwich, Ont., across the river from Detroit.

The silver question continues to be one of the great topics of public discussion in Mexico. It is now certain the silver miners and farming classes will make a common cause against the adoption of the gold standard. The miners argue that silver mines in gold standard countries will have to shut down at the present price of silver, while Mexican mines can continue to be operated; also that silver mining and agriculture are interests with more claim on the protection of the government than railways or merchants. Meantime all prices are being raised and there is much anxiety felt among the middle classes, especially wage earners and salaried men. The cost of liv-

At a meeting of the Washington State Y. M. C. A. held at Tacoma the world's record for the long drive was broken by David Grant, of Seattle. His drive was fifteen feet three inches, breaking the former record of fourteen feet eight inches Robert Fitzsimmons's recent announce-

brought forth a quick reply from Billy Madden, manager of Gus Ruhlin. Madden says Fitzsimmons can meet Ruhlin and get \$2,500 from the Pennsylvania Athletic Club of Philadelphia for a six-round bout. The offer also holds good for Jeffries. Only eight teams remained on the bi-cycle track at New York last midnight, Butler and Tarville having retired as a result of a fractured shoulder suffered by the

former in a fall during the afternoon. The team had covered 1,970 miles before being compelled to drop out. The contest is the slowest team race ever held in Madisonsquare Garden, the leaders having steadily dropped behind the record from the start They are now more than two hundred miles behind, the two highest scores being 2,099 miles and 5 laps.

Judge Peter Grosscup, of Chicago, lectured last night before members of the law school of the University of Nebraska on the subject, "The So-called Trusts-the Next Great Step in American Politics." Capt. R. H. Somerville and crew of six men of the schooner Belle Wooster were brought to Gloucester yesterday by the schooner Patriot. The Wooster was caught in a blizzard, badly damaged and finally abandoned. The shipwrecked sailors hailed the Patriot and were taken aboard. They were all badly frost-bitten and exhausted by their sufferings.

The report of the New York coroner's physician made last night in the case of Mrs. Sarah Ann Waters, who died Thursday at the age of nearly one hundred, and over whose will there is a contest, does not support the theory that the old lady was the victim of foul play. The autopsy re-vealed conditions which indicate death resulted from natural causes.

Without Seeing Him.

CINCINNATI, O., Dec. 12.-Dr. Marshal Beaty, medical director and principal of the National Dispensary, 202 West Ninth street, this city, whose discovery of a cure for pulmonary consumption and other diseases of the respiratory organs recently created a sensation among local physicians, to convince a skeptical minority of the profession, has just completed a remarkable test of his treatment. A male consumptive of middle age, who had been pronounced incurable by other specialists, was selected for the test. To remove all doubt as to the efficiency of his treatment, Dr. Beaty refused to see the patient, but prescribed his antiseptic air treatment from a written description, by the patient himself, of his symptoms. The result, in the opinion of local physicians, is little short of marvelous. Yesterday, after a thorough examination by disinterested physicians, the man was discharged, completely cured.

Dr. Beaty, in an interview to-day, said:
